Description

Engineering Lecturer (BTEC / HNC) Part-Time 2 -3 days per week

Engineering tutor needed for a Stockport based Engineering Training provider.

We are seeking candidates who are passionate about mechanical engineering and have the drive and motivation to help learners to progress in their careers, increase their employability and support their personal development. The ideal candidate will have a strong background in the field of mechanical/electrical engineering, experience of teaching, and have strong organisational and communication skills in order to inspire and educate learners.

This role is part-time on an ongoing basis.

Tue/Wed/Thur (2 -3 days per week)

We are interested to speak to candidates with experience of teaching **ANY** of the following:

Mechanical / Design / Materials / CAD / Design based units at level 3 and/or 4.

Immediate Start

This position will have you working for one of the leading engineering training providers in the North West helping young people succeed in engineering based careers.

Their training centre has a modern fully fitted out training facilities. They are a specialist provider of training to apprentices.

DBS Disclosure will be required and we can assist in obtaining one if required.

Responsibilities

Teach and assess BTEC Level 3 and/or HNC Level 4 units as described above.

Experience

Experience teaching engineering at levels 3 and/or level 4.

Qualifications

HNC in Electrical/Mechanical Engineering minimum and/or degree in engineering

A teaching qualification

Skills

Excellent communication skills

IT literate
Training/teaching/assessing background

Job Benefits
Highly motivated learners on day release apprenticeships.
